

Supporting the Education Sector

Leadership Lab partners with iwi, schools, kura, communities and other educational organisations across Aotearoa to grow leadership capacity, build thriving teams, and create long-term positive outcomes for students.

Leadership Capacity Building

How do we build the confidence and competence of all our leaders?

We help leaders at all levels grow their impact through tailored development programmes, coaching, and peer learning.

Through our programmes and communities of practice we create spaces for leaders to network, share expertise, and learn from diverse perspectives.

Leadership Coaching

How do we understand our strengths and those of our team?

We provide individual and team strengths-based coaching to build engagement, wellbeing, and high performance. Our coaching services support leaders to reflect, learn, and develop through 360 feedback and one-to-one coaching.

Professional Learning Facilitation

How do we develop a highly engaged and effective senior team and peer to peer coaching?

We work with leadership teams to build trust, alignment, and collaborative leadership practices. We facilitate professional learning groups that enable reflective practice and peer mentoring across leadership networks.

Cultural Capability Development

How do we grow culturally sustaining leaders who advocate for equity and inclusion?

We build cultural competence, deepen understanding of Te Tiriti o Waitangi, and foster inclusive leadership practices.

Strategic Thinking and Planning

How do we develop a shared future focussed vision and road map?

We facilitate strategic visioning and planning that engages staff, students, boards, and whānau to shape a shared vision for the future.
